## How does an Entertainment Swap work?

1. When you arrive, we will write the number of items you have brought on your ticket (and this is the number of items you can leave with).
2. While the items are sorted, you may wish to buy a glass of juice, lemonade or some cake from our stall and meet other members of the community.
3. At 3pm we will declare the Swap open and you and your family can rummage around for the best entertainment!
